THE 51st SEMI-ANNUAL

CENTRAL STATES

Shorthorn & Polled Shorthorn

SHOW and SALE

OSKALOOSA, IOWA

SATURDAY, APRIL 5, 1975

— 93 HEAD 93 —

37 BULLS

56 FEMALES

This sale has earned the title of "The Sale Of The Money Makers". Central States cattle are the kind that are honestly represented, practically raised with the bred-in "doing ability" to make a profit for you.

Never before has the beef industry been so conscious of the greater milking qualities, high grading ability, and quick, economical fleshing attributes of Shorthorns and Polled Shorthorns. We are the breed best able to correct the weaknesses of the exotics. This is forcefully illustrated by the large number of exotic fanciers using Shorthorn and Polled Shorthorn females in their upgrading programs.

TIME TO INVEST

The time to buy is when prices are low! There is nothing too astute about that statement. Any thinking investor will agree. Right now cattle prices are at their lowest levels in over a decade. However, values on better registered cattle have held up amazingly well. Still there are many "blue chip" investments to be made in any sale. If you are thinking in terms of future profits, then think about investing in registered Shorthorns and Polled Shorthorns. They have more to offer the investor than any breed today. Any breed that has been in existence for nearly 300 years has SOMETHING GOING FOR IT.
